

Shile Song – CS10  
Code Review Feedback  
Review of CS7

Category	Description	Reviews Comment	Action taken by reviewed group
Build	Could you clone from Git and build using the README file?	Yes, I can clone and download the repo from github, but I don't have hardware to build it. The README file is easy to follow and understand.	N/A
Legibility	Was the flow sane and were variable names and methods easy to follow? Does the code adhere to general guidelines and code style?	The flow of the project is easy to follow. The variable name can express its function and easy to understand. The comment in each function and easy to understand. The code style is looking good.	N/A
Implementation	Is it shorter/ easier/ faster/ cleaner/ safer to write functionally equivalent code? Do you see useful abstractions?	The code is already short. I do not think there are too many need to improve.	N/A
Maintainability	Are there unit tests? Should there be? Are the test covering interesting cases? Are they readable?	There is no unit test in this project.	N/A
Requirements	Does the code fulfill the requirements?	Yes, the code looks fulfill the requirements.	N/A
Other	Are there other things that stand out that can be improved?	I don't have suggestion.	N/A
